The entire deductible must be met before any one family member receives benefits. The entire OOP must be met before the family has satisfied the OOP maximum.

Do you want to pay lower premiums and receive money in an HRA to help reduce your deductible? LivingWell CDHP may be the plan for you. * This is the richest plan offered by KEHP. * It is recommended for those who have a little or a lot of healthcare expenses. * You will pay 20% for covered services after you meet your deductible. * This plan has two out-of-pocket maximums - one for medical expenses and the other for prescription expenses. * Once your deductibles and out-of-pocket maximums are met, your covered medical and pharmacy claims will be paid at 100%.	Are you willing to pay more in premiums to have just a co-payment for certain services? LivingWell PPO may be the plan for you. * Co-pays apply to doctor's office visits, allergy shots, urgent care centers, and prescriptions. * Most expenses are subject to the deductible and then covered at 75%. * This plan has two out-of-pocket maximums - one for medical expenses and the other for prescription expenses. * Co-pays do not apply to the deductibles, but they do apply to the out-of-pocket maximums. Once your out-of-pocket maximums are met, your covered medical and pharmacy claims will be paid at 100%.	How about basic health insurance coverage and even lower premiums, and an HRA to help reduce your deductible? LivingWell Basic CDHP is just that. * This is basic coverage for a low premium. * You will pay 30% for covered services after you meet your deductible. * This plan has two out-of-pocket maximums - one for medical expenses and the other for prescription expenses. * Once your deductibles and out-of-pocket maximums are met, your covered medical and pharmacy claims will be paid at 100%.
